S&P 500 Groups

Overview

Dow Jones took over the indices from the Standard & Poor's and these are now considered S&P Dow Jones Indices. The company publishes a series of group indices based on stocks in the S&P 500. These cover the ten different sectors and over two dozen industry groups.

\$GSPIS	S&P 500 Software & Services Industry Group Index
\$GSPLP	S&P 500 Consumer Durables & Apparel Industry Group Index

All index symbols use INDX for the exchange column (Exch) in the catalog results. Users can preface their search with INDX and then add other terms to further quantify the search. Searching for “INDX and 500” (without quotations) in the symbol catalog will show results for all indices with the word “500”, which would show these S&P 500 group indices.
